Chimney Inspection Order Form

A signature is required for us to do an inspection
 Please copy this form, fill out and fax to 816-461-2818

Today's Date:	
Homeowner:	
Address:	
City, St, Zip:	
Phone & Fax:	
Insurance Co:	
Adjuster name/ team number:	
Bill to:	
Adjuster E-mail:	
Notes:	

Will contact the homeowner to set up an inspection time
 In most cases, your report/estimate will be sent within 48 hours of completion of the evaluation.

Our reports show the condition of the portion of chimney that is visible at the time of inspection. We cannot give a report on the interior chase, interior facial wall, underneath the firebox, or other areas that cannot be viewed by normal inspection without removing portions of the chimney. We give no warranty as to the safety of the chimney since we have no control over the homeowner's use of the appliance.

Note: The NFPA 211 Standards require a Level II inspection after any damages have occurred to a chimney.

Type of Damage: chimney fire lightning strike explosion piering unknown Other:

Number of flues and/or chimneys if known:	Service (If damages are found, we will provide an estimate for repair at no additional charge if desired)	Price (Subject to change without notice)
# of flues _____ (if known) WE MUST INSPECT ALL FLUES IN THE CHIMNEY	Level II internal evaluation with written report and photos by one of our CSIA Certified Chimney Sweeps. Includes check of entire exterior chimney, flue, smoke chamber, hearth, damper, fireplace, and facial wall that are readily accessible without demolition; clearances to combustibles; and draft test. <i>Does not include demolition of any part of the chimney to check the interior chase or underneath the hearth. We use a color Chim-Scan camera, mini-scan camera, and digital camera for inspections.</i>	\$159.00 each flue \$2 per foot additional for flue over 20' Trip charges will apply if out of our normal service area.
